## 2023 ISLAND GAMES CULTURAL PROGRAMME

The Island Games Postcard Competition was an opportunity to allow the young people across our Islands to show how they saw their homes through a postcard format. We saw over 120 entries received, and through this have chosen 9 postcards to be printed and will be used to send messages of well wishes.

We hope you enjoy viewing all the entries compiled together from each Island that took part. Thank you to each person who submitted an entry – you have given us a fantastic insight into your Island to share with our fellow Islanders.
